

# The Association ACARBIO is looking for interns

## Our philosophy

We connect nature, people and traditions on the Amalfi Coast. As a small association in a rural area, ACARBIO unites cultural heritage, intercultural exchange, nature and biodiversity for rural development. We care to maintain the terraced landscape of the Amalfi Coast and we continuously strive to develop our work locally.

### What is important to us:

- Passion in the topic of sustainable development and that you feel the spirit of rural landscapes. You also have an interest in the topic (environment and sustainability)
- Entrepreneurial spirit - You enjoy taking responsibility of small actions and sub-projects
- Openness and curiosity for new tasks all around the project
- Team player - you are confident to be in a new environment and still find your place in our small international team in the rural mountain area of Tramonti

### We offer:

- Living on the amazing venue of the Amalfi Coast
- High learning opportunity in both disciplinary and transversal competences
- Being part of an international team and a thorough introduction to know the Italian culture
- Working languages English and Italian
- Grow together with the project
- We host Erasmus+ Placement Traineeships- please contact your university
- Start between Feb.-Apr. 2021 for a duration 6-8 months
- Some additional benefits like some lunches in the office together, access to bicycles

### We are looking for 2 interns to support our team in:

- Support the project management in all phases of Erasmus+ & ESC youth projects
- Online community management (Wordpress / social media / podomatic)
- Video making (planning, filming, editing) for social media
- Food traditions, an opportunity for the rural community: from the field to the dish
- Develop a small project of your own responsibility
- Get to know the association and help in many other projects (around 1 third of the time)

### How to apply

We invite you to get to know the projects of ACARBIO and the experience of previous interns at <https://www.blogcielomareterra.it/?cat=200>. To apply, please answer to answer to this questionnaire in order to find out more about you (<https://forms.gle/cG3pYEQ8qL2si4Hq9>) and send us a CV and a motivational statement to [staff@riservabiosferacostiera.org](mailto:staff@riservabiosferacostiera.org) where you tell us:

- Why you want to be part of the ACARBIO team
- Which of the above tasks you are interested in and your motivation
- Why you would fit well in the team
